Joan and I continue to enjoy life in Petaluma where we just celebrated our 54th Wedding Anniversary. Our three daughters and seven grandchildren all live in the Bay Area so we see them often. I'm fully retired but keep busy with home projects, church, Rotary Club—and serving as the Class Webmaster.

George and I just celebrated our 60th Anniversary with our family. Fifteen in all, including spouses and grandkids. For the past two years we have been dividing our time between our home in Pollock Pines and home in Concord. This has allowed us to spend more time with our grandkids, four of which are away at universities, two in Texas when they come home.

We are both in fairly good shape health wise but feel old when we hear son and son-in-law's talk about retirement.

My husband Ken and I are living a great life at Lake Tahoe. Incline Village has been a fantastic place for both of us. Ken is finally retiring from Land Surveying. He has been doing it for more than 60 years. Time to stop being a "dirtkicker"! We have two daughters Sandy and Nancy. Both are working very hard although Sandy will be retiring from her position after 36 years at the State of Nevada as a "Development Specialist". She works with new born children and to the age of 3 years old. She has 3 children, Valerie is 29, Wyatt is 24 and Jesse 23. Valerie also has a son Tucker and he is 4. Nancy is an RN at Tahoe Forest Hospital in Truckee married and has 2 children. Griffin is 24 and Sydney is 22. Both went to Univ. of Utah and now are working. Griffin is at Lake Tahoe and Sydney is in San Francisco. Ken and I have been able to travel a lot. We made all the continents at one point or another. Travel is a lot of fun but also a lot of work planning. We now are trying to see our wonderful country especially the west. I am looking forward to seeing all at the luncheon.

Bill Chavez

4876 Vogelsang Dr.

Sacramento, CA 95842-2932

We have lived in Sacramento for the past four years or so. Pattie used to love the heat, now she sits in front of a fan during the 100+ degree days. In addition to our five children, we have nine grandchildren ages 11-17. We are occupied year round with the grandkids school and summer activities and have been involved in a "Clinical Blind Study" with Merck Pharmaceutical and Sutter Hospital for most of the past two years. The study ends at the end of this year.

The purpose of the study is cognitive decline in our "golden years". Pattie says if you are forgetting things, call her collect.

Terry Curtola and Bob Moelk still think they are taller than I. However, I have documentary evidence proving otherwise, a photo of me standing on a chair at our last reunion. The evidence will be provided upon written request.

remarks: Hi Bill. I had a stroke in both optic nerves and can barely see. The Moran Eye Institute in Utah is hope that my sight may recover within a year or two. Really sucks to be so blind. Hope I don't have mistakes in this message. I have special dial up glasses and also use a magnifier so it is difficult to type. Wish I could be there. Enjoy the fun

Subject: Reunion! Teresa

You're right, no recent hurricanes here. Sorry to get to you so late. I will not be able to make it to the reunion. My husband has just been told that he has bladder cancer. We are now setting up treatments for him. It is going to be a busy time and I will not leave him during this time. I just pray he will be cured.

I wish I would be able to come. In fact some time ago I was thinking I would bring my Aunt along with me. She is 98 years old and the last surviving member of her class at Saint's.

As for Teresa (Flegge), she is fine. Hardly any damage of any kind. Kind of hard to believe I think. She is going along as if nothing has happened. But then that is Teresa!!!! The last I heard she will not be going to the reunion. I will double check that for you.

Take care and have a great time at the reunion,

I am so sorry I will not be there,

Pat (Silveira)

Subject: Reunion

Dear Al,

I am sorry that I have not responded to your request that I say what I have been up to with the fires etc. it went out of my mind. I am going to Santa Cruz today so this will be brief. I hope and pray every one's families are safe. I am sure we all know someone who has lost property. So we continue to pray for our world.

I retired about three years ago, but still help out at Saint Dominic's Church in San Francisco. It is wonderful to be able to volunteer and not have the responsibilities of making decisions or meeting deadlines. I miss meeting with the people on a regular basis, but I can visit and help out whenever I wish. I am spending more time with the seniors in the parish.

I still live in the same convent on Pine Street. I have more time to do things with the sisters I live with, also to cook more often than before.

I visit my family more often and have opportunities to take short get-aways like I am doing today.

Time goes by so quickly. I am sorry I will not be with you on Wednesday to visit. Blessings, prayers and love, Sister

"Hi this is Carolyn Larson calling for Jackie Jacqueline valid out of Canada [Valado Canepa]. I'm just you know that she will not be able to make her class reunion this year. She's living in Iowa with me. I'm her daughter Caroline Larson(?) and she's in Senior living care now so just wanted to let you know and I got the letter about the reunion and I'm just sure sorry that she won't be able to make it. Alright thank you. Bye bye."

Nadine Data Lloyd

Good morning Al. My name is Jules Lloyd, husband of Nadine Lloyd (Data) class of 1957. Thank you so much for reaching out to her and keeping the spirit of your class alive for all these years. Unfortunately I have, with the most profound regret, to inform you of Nadine's passing this past February. We were married for forty-nine years and I will forever love and miss her. I know she enjoyed reading from time to time the St. Vincent Ferrer High School magazine and spoke on occasion of the time she spent there. Thank you again for keeping her in your thoughts over the years, and my best wishes for a successful 60th reunion.

Hi Al,

Time sure does fly by, hard to believe it's the big 60!!!

All my info is the same, not sure if I will be able to get up there for the reunion, we were just up there because my sister in law passed away suddenly. Will wait and see.

Jim and I still live in San Diego, and will celebrate our 56th anniversary in August.

Thanks for keeping us up on the news.

Hi, Al. This is Margie Jones, class of 1957 of St. Vincent High School, now Marge Hillious. My email address is mhillious@sbcglobal.net. My postal address that you have is correct.

Because of health issues and distances, I do not attend events that take me away from my home base, so I will not be attending the 60th Reunion. Have fun!

Thanks for the update. Not a whole lot of help, but I do know that Dennis Decius lives in Las Vegas. Hope you have success finding these classmates and I look forward to a current address list. I don't think I'll be able to make it to the reunion, but please keep me posted. Circumstances are constantly changing.

With fond memories of '57
